## Editorial From Hawaii

Hawaii Press, Oahu, Hawaii, Feb. 19

Back in Hope, Ark., newspaper publisher Alex. Washburn is circulating a petition on which he hopes to have 2,000 signatures in opposition to the construction of a \$500,000 federal building for the town's post office.

Washburn says he doesn't believe a new post office building is necessary. He says the present three-story brick building opened in 1912 is adequate.

Hope residents recently rejected federal aid funds for street construction in the city.

Washburn says the reason the Post Office Department wants the new building is because of a plan under which post offices are replaced every 50 years.

"But the government has an obligation much greater than the 50-year rule of bureaucrats — the obligation to keep itself solvent so our country can defend itself in time of war and honor its social security pledges in time of peace," Washburn said in an editorial.

"There are thousands of towns like us throughout America, prosperous enough, but without material change. To replace all their post offices simply because some non-elective official invokes a 50-year rule is to ask for this very attack I am making."

The Hope Star's slogan is right in line with the current campaign: "The tragedy of the people is — we start off with a country and wind up with a government."

## Letters to Editor

Re Above Editorial

Editor The Star: I picked up the paper this morning and there was the enclosed editorial about Hope, Arkansas, and Mr. Washburn's petition! I knew he would enjoy this. Small world . . . I had planned to come by and place my subscription to The Star before I left, but was so busy I neglected to do so. Will you please send it to me for three months.

I miss Hope — but this is a wonderful state. So much to see and do. The weather, fresh vegetables, fruit, and fishing are truly indescribable. Just wish all of you could see and enjoy them.

## Magnolia to Get New Post Office

WASHINGTON (AP) — Senate and House Public Works Committees received Thursday a bill that includes \$397,900 for a new post office-federal building at Magnolia, Ark.

It was part of a General Services Administration program for \$208,005,700 in federal construction and property purchase.

## Volkswagon Foot Race Latest Fad

Editor The Star: Enclosed article was on a recent editorial page of the Pittsburgh Press (Scripps-Howard circuit editorial of Jan. 14).

Since my husband is a native of your state and his people live at Patmos I'm quite familiar with your town of Hope, having been a visitor down there for the last 20 years or so.

Just for an interesting comparison, Hope, population 8,399, has a post office nearly as large as our town of Coraopolis, population 9,643, and we're in a highly industrial district. In fact, I always wondered why Hope had such a large post office, for what seemed to me to be a small town.

After seeing the enclosed Pittsburgh editorial I just had to make some sort of a comment as an interested citizen. I thought you would be glad to know that your down-to-earth thinking has had a far-reaching effect.

## Arkla Backs Out of Line Deal

LITTLE ROCK (AP)—Arkansas Louisiana Gas Co. withdrew from Public Service Commission consideration Thursday a plan to share the cost of installing gas lines with customers.

The PSC approved the withdrawal. It was asked in December to approve the plan, which was designed to encourage the purchase of gas appliances.

Arkansas Power & Light Co. recently withdrew a similar cost-sharing proposal to boost purchases of electrical appliances.

In another petition, Arkla asked the PSC to approve a 10-year industrial rate contract with Ideal Cement Corp. at Okay, which is 16 miles south of Nashville.

## Pressure for Election Yr. Farm Build

WASHINGTON (AP) — Pressure for an election-year farm bill and threat of a long filibuster on civil rights caused Senate leaders to revise today their traditional celebration of Washington's birthday.

Majority Leader Mike Mansfield, D-Mont., asked opening debate on a combined cotton and wheat bill in an effort to push the measure through the Senate next week.

Normally with only a handful of senators present, because most Republicans are away making speeches, the farewell message of the first president is read and the Senate quits for the weekend.

Sen. Allen J. Ellender, D-La., chairman of the Senate Agriculture Committee, and Sen. George D. Aiken, R-Vt., the ranking GOP member, are opposed to the new farm bill.

"I'm against the cotton section," Ellender said in an interview. "It's too costly. I have no objections to the wheat section."

## Greek King Has an Operation

ATHENS (AP)—King Paul of Greece underwent an emergency operation for a stomach ulcer today, and a medical bulletin said the operation had been successful.

The bulletin was issued at the Royal Palace after fears for the 62-year-old king's life had steadily mounted in Athens. It gave no indication of how long the operation lasted.

"The operation went very well," Dr. N. Tsamboulas told newsmen assembled outside the Tatoi Palace 26 miles north of Athens.

"The king is all right now," the doctor added without elaboration.

He was one of five doctors who signed the medical bulletin.

In his last official act before the operation, the king signed a decree Thursday naming Constantine, 23, the crown prince, as regent. As such, Constantine will perform all the royal duties, at least until the monarch has recovered.

## Something Extra in That Bundle

LARAMIE, Wyo. (AP)—Bernice Karraker, the county librarian, found a little extra in her laundry when she got home with it Thursday.

Somebody had slipped a library book into the bundle—a book three months overdue.

## City Can't Block a Stone Quarry

LITTLE ROCK (AP) — The Arkansas Supreme Court refused Thursday to permit Fort Smith to enforce an anti-blasting ordinance against a stone quarry within the city's limits.

Chancellor Hugh Bland of Fort Smith enjoined the city from enforcing an anti-blasting ordinance. Attorneys for the city told the Supreme Court that the injunction tied the city's hands in general enforcement of the ordinance.

James M. Hackler, owner of the property on which the quarry is situated, asked Bland for the injunction.

Hackler told the Supreme Court that the city annexed the quarry and then moved to stop blasting. Mississippi Engineering Co. works the quarry and is under \$50,000 bond to protect the city and public in event of a blast.

Bland has set March 4 for a hearing on the injunction suit.

## Man Arrested for \$32,750 Holdup

MEMPHIS (AP) — Robert Hoyt Mahar, 35, of Memphis, was arrested Thursday on charges of taking \$32,750 in the holdup of a National Bank of Commerce branch last summer.

Mahar was jailed on \$75,000 bond. Preliminary hearing was set for Tuesday.

The FBI and Memphis police arrested Mahar as he drove across the Mississippi River bridge, returning from a trip to Blytheville.

The Gilmore branch of the National Bank of Commerce was held up Aug. 2, 1963. Police said the robber entered the bank just before closing time, inquired about opening an account, and pulled a gun.

Mahar said he owned the Maywood Auto Auction, Karco Auto Sales and Maywood Tractor Co., all in the Maywood Community, Miss., just south of Memphis.

## Westinghouse Named in Suit

EUREKA SPRINGS, Ark. (AP)—Mrs. Joyce Davis Harvey of Eureka Springs has filed a \$1 million counter suit against Westinghouse Credit Corp.

Westinghouse filed a \$250,000 suit against her last week, saying she falsely represented William T. Daniels as a good credit risk. Daniels operated a chain of now defunct appliance stores in Northwest Arkansas.

Mrs. Harvey's suit denies Westinghouse's allegations and asks for \$500,000 actual damages and \$500,000 in punitive damages.

## J. W. Snell, 66, Dies Unexpectedly

James William Snell, aged 66, a retired painter, died at his home here. He had lived here about nine months, coming to Hope from New York State. He was a member of the Episcopal Church.

Survivors include his wife, Mrs. Mary Ann Snell. Arrangements will be announced by Oakerest Funeral Service.

## Johnson Warns China's Game Is Dangerous

By FRANK CORMIER

LOS ANGELES (AP)—President Johnson, shaking a finger at Communist China, said today that outsiders supporting Communist guerrillas in South Viet Nam are "playing a deeply dangerous game."

At the same time, Johnson argued that communism's troubles around the globe actually are more acute than those facing the United States. He said U.S. problems are eclipsed by "the spreading civil war among Communists" — a reference to the policy gulf between the Soviet Union and Communist China.

The President gave his foreign policy views in an address prepared for an outdoor convocation at the University of California at Los Angeles, held to honor Johnson and visiting President Adolfo Lopez Mateos of Mexico.

This was the prelude to two days of Mexican-American good will talks at the desert resort of Palm Springs, 90 miles away.

Lopez Mateos, in remarks prepared for the campus ceremony, called on educators and scholars to help "abolish the cold war, wipe out the origins of international tension and to increase understanding among peoples and governments."

The Mexican leader said some may think it Utopian to "completely do away with the ominous atmosphere that already seems to be dissolving." But he contended that "it is realistic to consider such goals as being imminent."

Johnson reaffirmed American determination to support the independence of South Viet Nam. He described this as a 10-year-old commitment "we will continue to honor." But he said the Vietnamese war "is first and foremost a contest to be won by the government and people of that country for themselves."

The President did not name Communist China in his discussion of Viet Nam. But his meaning was clear in saying that "those engaged in external direction and supply (of the guerrilla war) would do well to remember that this type of aggression is a deeply dangerous game."

Johnson said that "in our foreign policy today there is room neither for complacency nor for alarm."

And, after citing difficulties in Viet Nam, Cyprus, Panama and Cuba, he said:

"Larger than the troubles I have noted is the spreading civil war among Communists."

He did not elaborate on this statement. Declaring that "there is no panic on our agenda," Johnson said that if the nation's adversaries offer deeds of peace, "our own response will be swift."

He said "our undeviating policy is to do all that strengthens the hope for peace." And he said "nothing will make us weary in

## Pine Bluff Situation Threatening, Faubus Alerts State Police

## Legislative Meet Held Up by Governor

By JOHN R. STARR

LITTLE ROCK (AP) — Gov. Orval E. Faubus said today he will delay a special legislative session until he has "made every effort" to settle a controversy over which county official shall handle voter registration.

Faubus had said he would issue a call today for a special session to start next Wednesday. He said it is still possible that the session can start Wednesday but this is no longer portable.

The Legislative Council ended its work on a voter registration bill Thursday by sidestepping this issue.

The council decided to submit three bills to the legislature. The measures are identical except that one will designate the county sheriff-collector as voter registrar, another will name the county sheriff-collector, and the third the county clerk.

Faubus said he felt it was relatively unimportant which official gets the job and that he does not intend to open the way to a lengthy, wrangling legislative session if it can be avoided.

He said he will start today calling in legislators and representatives of the county official involved to negotiate differences.

The Arkansas Assessors Association has said that assessors do not want the job.

The Arkansas Sheriffs Association made a bid to get it for the sheriff-collectors.

The Arkansas County Clerks Association has not taken a stand. Some clerks want the job.

Except for the council's refusal to meet the problem of designating a registrar, Faubus said, it drew up a good registration bill.

"It includes completely adequate machinery for making sure that this year's elections are legal and sets up a good long-range voter registration system," Faubus said.

By JOHN R. STARR

LITTLE ROCK (AP)—An indecisive Legislative Council set the stage Thursday for a vigorous and lengthy floor fight in the Legislature on a voter registration bill.

The council sat down Thursday for a final look at its tentative proposal, and ended the meeting with three proposals. They are identical except for

## Federal Law Ruled Out by Dist. Court

By BEN THOMAS

NEW ORLEANS (AP)—A federal appeals court has ruled unconstitutional a federal law penalizing U.S. citizens for leaving and re-entering the country without a valid passport.

"The government cannot say to its citizen, standing beyond its border, that his re-entry into the land of his allegiance is a criminal offense," the 5th U.S. Circuit Court of appeals said Thursday.

A three-judge appellate court panel threw out a lower federal court conviction of Negro journalist William Worthington for allegedly illegally re-entering the United States after going to Cuba in 1961.

Worthington, whose home is at Boston, is a correspondent for the Baltimore Afro-American. He is the only American citizen indicted for re-entering the country of his birth without a passport.

Worthington said he had "long hoped that the 5th Circuit judges would not blanch in the face of these arbitrary and unconstitutional laws."

In a statement issued to The Associated Press, Worthington expressed hope that the Johnson administration "will be more enlightened than its three predecessors" on the public's right to know and to travel.

He traveled to Cuba in July 1961, arriving at Havana aboard the S. S. Guadeloupe. He filed numerous news dispatches from Cuba.

He returned to the United States Oct. 10, 1961, arriving in Miami, Fla., on a commercial airline flight from Havana. Shortly afterwards, a federal grand jury at Miami indicted him for unlawfully entering the U.S. without a valid passport.

## Says Anti-Riot Squadron Is Implemented

PINE BLUFF, Ark. (AP) — Negro leaders worked today to get the 1,000 Negro students at Arkansas AM&N College to participate in a demonstration at a segregated cafe.

Dr. Lawrence Davis, president of the college, called the student body to a 2 p.m. assembly to urge the students not to participate.

Gov. Orval E. Faubus said in Little Rock that the Pine Bluff racial situation was "threatening" and that State Police have implemented a riot plan.

Davis reportedly flew back from a meeting in Chicago Thursday and conferred with student leaders and faculty members today.

A spokesman for the Student Non-Violent Co-ordinating Committee said the AM&N students were being recruited for the demonstration at Ray's Truckers' Inn, probably later today.

The spokesman said it was not known how many students would participate but said SNCC was trying to get them all.

The Rev. Ben Grinage, chairman of the Pine Bluff Movement, which has worked with SNCC in anti-segregation activities in Pine Bluff, was jailed early today on a traffic charge. He was released on bond today.

The SNCC spokesman said Davis had told students they would be expelled from the college if they participated in a demonstration.

Grinage's arrest left Miss Iris Greenberg, 22, a Negro of New York City, the ranking SNCC officer in Pine Bluff. William Hansen, SNCC field secretary, was arrested at Ray's Truckers' Inn Monday with Negro comedian Dick Gregory. Forty other Negroes were arrested there Wednesday. All but two are still in jail.

It was reported that additional State Troopers were on their way to Pine Bluff but State Police sources denied this.

LITTLE ROCK (AP) — Gov. Orval E. Faubus termed the Pine Bluff racial situation "threatening" today and said State Police have implemented an anti-riot plan.

## Judge Orders Man Gagged

DETROIT (AP)—Edward Ingle, 34, blabbed so much out of turn in court that Judge W. McKay Skillman ordered him gagged.

A court officer plastered adhesive tape across Ingle's mouth from ear to ear. Ingle was ordered held for trial on a pandering charge.

## Checkup on Students Is Underway

A follow-up file on all graduates of Hope High School from 1958 to 1962 is being compiled by the Junior Counselor under the leadership of Earl Downs, Hope High School guidance counselor. It is their desire to complete this by the first of May.

The Junior Counselors are attempting to find out where each graduate is, the type of work he is doing, the training he has received past high school if any, if he is married and if so when and to whom, and if they have any children.

The counselors' goal is to compile all this information into a mimeographed newsletter for distribution to any former student who wishes a copy and is willing to pay the expense of mailing.

Mr. Downs requests that all parents of graduates who have not been contacted please send this information to the high school. He said, "Your cooperation in this matter will be appreciated."

## Says Anti-Riot

Continued From Page One

Faubus was vague about details of the plan but Maj. Mack Thompson, commander of the Highway Patrol Division of the State Police, said it did not involve movement of troopers to the Pine Bluff area.

He said troop commanders over the state were alerted between 4:30 and 5 p.m. Thursday that officers might be needed at Pine Bluff.

Thompson said this alert was put out after Sheriff Harold Norton of Jefferson County advised Herman Lindsey, State Police Director, that help might be needed.

"We had heard that 1,000 Negroes planned to march on Ray's Truckers' Inn," Thompson said.

son said. "If that happened, we'd probably have to act. The little trouble they have been having can be handled by the sheriff's office."

"We think it's a threatening situation" in Pine Bluff, Faubus said. "We think it is an attempt to create a riotous situation."

Then, taking a hard tone, Faubus said, "We don't intend for demonstrators to take over anybody's business or the streets of any town in Arkansas."

Faubus said he had reports of fights between white persons and Negroes at Pine Bluff. "But I think these may have been staged in an attempt to inflame the situation," he added.

"By that I mean white integrationists and Negroes are fight," Faubus said.

The governor said Lindsey contacted him Thursday and asked if he could implement an anti-riot plan worked out previously.

"I told him to exercise his own judgment as to conferring with local officials," Faubus said. "I understand that someone in Pine Bluff asked for help."

Thompson said the anti-riot plan was worked out six or eight months ago and a statewide alert is the first step. He would not discuss what the next move, if necessary, might be.

Twelve State Police cars were counted in Pine Bluff Thursday night, Thompson said this was understandable because officers from Southeast Arkansas were there for a meeting of the Southeast Arkansas Peace Officers Association.

"I was down there myself with one other man from the Little Rock office (Thursday night)," Thompson said. "We were the only two from Little Rock who were there. The others were from Southeast Arkansas. If there are any extra troopers at Pine Bluff now, I don't know about it."

Thompson said that with troopers on alert, 50 men could be in Pine Bluff within an hour and 100 within 90 minutes.

Despite State Police denials that officers were converging on Pine Bluff, reports continued to circulate that troopers were on their way there.

There were reports in Pine Bluff today of impending new anti-segregation demonstra-

## Three Fired by Arkansas Tech Board

RUSSELLVILLE, Ark. (AP)—The Arkansas Tech Board of Trustees voted Thursday to not renew the contracts of three instructors.

More than half of Tech's 1,600 students have signed petitions demanding an explanation of the decision.

The instructors are Donald St. Clair, philosophy; Jim Cocke, science and geology; and Clarence Henderson, history.

Tech President J. W. Hull declined to divulge the reasons for the release of the teachers.

Leaders of the student petition movement and the instructors declined comment Thursday night.

One board member said he felt that the instructors should have been given a hearing before the board. They were heard after the board had voted—by Hull Thursday.

The instructors and Hull would not discuss the hearing. The board also voted to "honor the requests" of four instructors who said they would resign if the three instructors were released.

Those who said they would resign: tions at a cafe where 42 integrationists, including Negro comedian Dick Gregory, have been arrested this week.

The cafe was open today and there were no demonstrators in sight. Gregory, white civil rights organizer William Hansen, and 38 or 40 other Negroes arrested remained in jail.

Ray Watson, manager of Ray's Truckers' Inn, said he opened the cafe at 2 a.m. today and told demonstrators that he "could not serve Negroes and would not serve Negroes." He said the demonstrators left.

The Negroes had picketed the cafe intermittently since Monday, when Gregory and Hansen were arrested. The other 40 were arrested Wednesday night.

Watson said "little kids—4 and 5-year-old babies that ought to be home in bed" were in the crowd of demonstrators Thursday night.

## '64 Corvair Monza by Chevrolet

'64 Corvair Monza Club Coupe

(that puts superior traction under you)

Some cars do best on the highway. Others seem tailor-made for city driving. Then there's Corvair—that gets along just great most anywhere. Swishing along a highway. Scouring around in traffic. Or wading through a soggy trail. Take highway driving. Corvair's got a bigger new engine with horsepower up nearly 19% in the standard version. But in case figures don't impress you, just wait until you head a Corvair for some far-away places. You'll get the message. Take city driving. Corvair's trim size, light steering (because the engine weight's in the rear) and flat cornering make anything from rush-hour driving to parking a cinch. Take back-road driving. The weight of Corvair's engine bearing down on the rear wheels gives them remarkable gripping power on most any surface, whether it's loose, solid, dry, wet—or even snow covered. Something else you can take note of, too: There's no radiator to overheat or run dry. No hoses to check or replace. No need for antifreeze. The engine's air cooled. Beginning to sound like a car you can really warm up to? Then there's only one thing left to take: a ride in one at your Chevrolet dealer's.

these tasks." Ticking off trouble spots one by one, Johnson first cited Viet Nam, then Cyprus where strife between Greeks and Turks threatens to erupt in an Eastern Mediterranean war.

Johnson pledged anew that the United States, though not directly involved, "will do all we can to find a solution" to the Cypriot problem.

"I appeal for an end to bloodshed, before it is too late," he said.

"It is the task of statesmanship to prevent the danger in Cyprus from exploding into disaster."

Turning to Panama, he said the United States is "prepared, calmly and without pressure, to consider all the problems which exist between us—and to solve them promptly."

Asserting that the United States has been patient in handling the Panama crisis, Johnson said the watchword at the Guantanamo Naval Base is preparedness.

Speaking of Cuba's cutoff of water to the base, Johnson said:

"We have dealt with the latest challenge and provocation from Havana, without sending the Marines to turn on a water faucet."

Some members of Congress, including Sen. Barry Goldwater, R-Ariz., urged Marine intervention after the Cubans shut off the flow of water to Guantanamo.

## DOROTHY DIX

WHAT'S THIS?

### WIVES START FIGHTS

By DR. JOYCE BROTHERS

Dear Dr. Brothers: My wife is continually starting arguments without any basis. This morning she asked me how I liked breakfast and I said it was great. "You don't mean it! You're always criticizing my cooking. There's nothing I do that pleases you!" she shouted—and the battle was on. I am a mild man; I want love, not argument. Can I be doing something wrong or is the female of the species the fighter? —E.R.

Dear E.R.: Until recently, men were thought to be the quarrelsome sex. Then it was discovered that women start 9 of every 11 spats.

At first, it seems a contradiction to say that wives set off the family fireworks. Man is the physically stronger. He's designed for combat, he's started wars since the dawn of history.

But very early in our race, nature put a damper on his combat, when it comes to the fair sex, he's naturally disinclined to fight with her, avoids it when he can, and stands up to her only in desperation and self-defense.

If man didn't have a peaceful intent toward his mate, our race simply wouldn't have survived. By far the physically stronger, men would have done in, and eaten, their females when they were miffed, or displeased, or just hungry. Despite what you may have read male chivalry wasn't started by King Arthur and his knights. It goes back to the cave man. Contrary to the cartoons, he didn't drag his mate around by the hair, or subdue her with a club. He treated her well. That is, well for 5,000 B.C.

Why are men naturally chivalrous? Perhaps it's because they need their mates sexually?

In other words, is it self-interest? This isn't so. Ethnologists say this just doesn't enter the picture.

They point to animals. The male animal is as chivalrous as men are. The period when the female is of sexual interest is very short, yet chivalry goes right on. Right across nature, there's a deep-rooted instinct that inhibits a male from fighting with a female of his own kind. He puts her in a class apart from the victims he'll attack.

But the female of the species has no such feeling of forbearance for the male. Knowing he's disinclined to fight back, the male is her favorite target, and she takes advantage of it to boss, influence, control and dominate him. So, it's not at all surprising that psychologists, studying our own family feuds, find the fair sex is the first to let fly at the male.

When he retorts, he's usually well on the defensive, trying to save face over something, or desperately explaining why he did this instead of that.

Yes, it's the fair sex who starts the squabble. But who gets the last word? Psychologists find men do.

**A Note To Mothers:** Novelist John Steinbeck, Nobel Prize winner and father of two sons, was asked if he cared to summarize his philosophy of child rearing. "Certainly," Mr. Steinbeck replied, "raising children is very simple. If you can reach 'em, hit 'em. If you can't reach 'em, bribe 'em."

Some of Mr. Steinbeck's fans thought he was kidding, but he insisted that he was not. And a paper that was read recently before the American Psychological Association backs up his theory. Or at least the second half of it.

The psychologist-authors were

interested in the problem of how to get nursery school children into the civilized and unnatural habit of sharing. The kiddies were divided into two groups. The first group was given six marbles and encouraged to share them with their playmates. And what was their reward for being generous? Verbal praise. The kids in group one who were willing to share were merely patted on the head and told what good little boys and girls they were.

But the children in group two were offered a more business-like type of arrangement. When one handed over a marble to a companion, he was swiftly and silently handed a piece of bubble gum.

Within a short period of time the group two children were practically forcing their marbles on one another, while the group one children remained just as selfish and argumentative as ever.

**Gentlemen Prefer Blondes?** Dear Dr. Brothers: Why do gentlemen prefer blondes? —M. M.D.

Dear M.M.D.: You hear the question of blonde versus brunette debated among women who think they can change girls, also at will. But there's more that meets the eye to the television commercial where the girls look at herself in the mirror and wonders if blondes have more fun. They do, that is if the reaction of the stronger sex makes the difference. Actually tests at Duke University not long ago showed natural blondes are more feminine, at least than their raven-haired and brunette sisters. In tests that were repeatedly confirmed, Duke University scientists found dark dressed young ladies had more androstosterone or the male hormone, in their physical make up. So, if you hear a male assert that blondes are more feminine, he's right. At long last, science has confirmed this masculine contention.

## Taxes Slash Measure About Ready

By JOE HALL

WASHINGTON (AP) — An \$11.5-billion tax cut, largest in the nation's history, is ready for the final formalities expected to put more money into the pockets of 80 million American taxpayers by mid-March.

Senate and House conferees completed work on the 400-page measure Wednesday. The House is expected to pass the compromise bill next Tuesday, with Senate action coming either the same day or next Wednesday. Little opposition is anticipated.

President Johnson is then expected to sign the bill early the following week. The first effects of the bill will come in reduced withholding of taxes in paychecks dated eight days after the measure is signed—either March 11 or 12.

The reductions average about 19 per cent of present individual taxes. Rates for some 550,000 corporations are also being cut.

Conference agreement eliminated a solid year of concentrated work in rewriting dozens of provisions in the U.S. tax code.

House hearings began on the bill in February last year, just after the late President John F. Kennedy asked Congress for a massive tax cut to try to solve many of the nation's economic problems.

Johnson followed his predecessor in putting the tax cut measure at the top of his legislative agenda along with civil rights.

The reductions are expected by the administration to provide a stimulus aimed at boosting the 1964 economy and providing healthy long-run effects on unemployment and other problems.

The new withholding rate is expected to pump an extra \$800 million into the economy each month.

The biggest administration victory came in the last-minute decision Wednesday to knock out a House provision reducing

## Old Fashioned Horse Sense

WASHINGTON (AP) — Internal Revenue Service agents used old-fashioned horse sense to solve an Oklahoma moonshine case.

A horse was found tied near an unattended liquor still near McAlester, Okla., the agency said Thursday in reporting on 1963 activities of alcohol and tobacco tax officers.

The agent released the horse and followed him to a nearby house, where a farmer admitted ownership of the horse—and the still.

the capital gains tax on assets held two years or more.

There might have been trouble with the compromise measure in the Senate if this cut had been retained.

It would have lowered the capital gains rate to 40 per cent of the normal levy, with a 21 per cent ceiling, on profits made from sales of stock and other property held two years or more. The present rate is 50 per cent of the regular tax with a 25 per cent maximum.

Elimination of the provision saved a \$280 million annual revenue loss in the long run.

The major provisions in the bill were the same in both Senate and House bills.

The new personal rate schedule will run from 14 to 70 per cent compared with 20 to 91 per cent now. About two-thirds of the cut is effective this year, retroactive to Jan. 1, and one-third in 1965.

For corporations, the present 52 per cent rate is reduced to 48 per cent in 1964, 48 per cent starting in next year.

The wage and salary withholding will drop from the present 18 per cent level to a new permanent 14 per cent rate eight days after the bill becomes law.

The accident occurred during Tuesday night's performance of "Little Me."

## House Clash Expected on Military Bill

WASHINGTON (AP) — A House clash was expected today over a \$16.9-billion military authorization bill that includes funds for bomber and interceptor development which are opposed by Secretary of Defense Robert S. McNamara.

The House Armed Services Committee, over McNamara's objections, added \$92 million—\$52 million for research on the bomber, the rest for the interceptor—to the huge authorization bill for the fiscal year starting July 1.

The dispute pits McNamara and his faith in missiles against the Air Force and the majority of the Armed Services Committee and their faith in manned bombers.

A fight on the House floor was signaled when four members of the committee filed a minority report opposing the addition of the funds. The four are Reps. Samuel S. Stratton, D-N.Y., Otis G. Pike, D-N.Y., Jeffery Cohelan, D-Calif., and Lucien N. Nedzi, D-Mich.

These four fought last year against the committee when it

TAMPA, Fla. (AP) — Seven grandchildren of the late Col. Leslie MacDill saw for the first time Thursday the Air Force Base named for him. They never saw their grandfather, who was killed in a 198 plane crash near Washington, D.C.

They were accompanied to MacDill Air Force Base by the colonel's widow, Marilla MacDill, and Mrs. MacDill's two daughters, Mrs. Bruce Dougherty and Mrs. Thomas S. Barrows. All are from Boston.

## 9 Jailed on Charges of Gambling

By THE ASSOCIATED PRESS

Federal agents arrested nine persons Wednesday on illegal gambling charges — six at Huges in St. Francis County and three at a liquor store and cafe near Little Rock.

The raids came only two days after Justice Department officials moved into Hot Springs and announced a probe of gambling they termed the largest in the nation. FBI agents said the arrests were not connected with the spa probe.

An FBI spokesman said a circular that "advised they would violate the federal law" led to the arrest of six Negroes at Bunk's Place, a night club at Huges.

The said the circular advised that gambling would be conducted at the club Monday, Tuesday and Wednesday by persons from out of the state. He said about 135 Negroes were found shooting dice and playing

cards.

A federal law makes movement of equipment or personnel across state lines for gambling purposes illegal.

The other arrests were on charges of accepting bets illegally in a bookie operation.

Arrested at Huges were Robert Carpenter, 71, of Hughes, owner of the club; Albert Traylar, 46; Eddie Robinson, 45, both of Memphis; Bennie Grigsby, 39, Greenville, Miss.; Robert Glaspy, 58, Hughes and Willie Ford, 44, Forrest City.

They were arraigned before U.S. Commissioner John Mann Jr. at Forrest City and released under \$500 bond each.

Arrested at Red Gate Liquors and Lola's Steak house on Interstate 30 were James Arlin Craig, 49, operator of the liquor store, his wife Evelyn, 42, and Mrs. Lola Baker, about 45, the cafe operator.

They were arraigned before U.S. Commissioner John E. Coates, waived a hearing and were released on \$250 bond each.

Russell James of the Internal Revenue Service Intelligence Division said Craig told the agents he had operated a bookie service periodically for about nine years.

Gail was watching me watch Gail in the mirror.

"We're waiting for a boy," Gail said, "a boy named Brian, a real tough boy. But you're tougher. You've got Korea, prison, the self that didn't twist."

"You're beautiful," I said, "per-fec-tly beau-ti-ful. It's the bones. I think, bones the flesh can re-mem-ber. That's it! Love-ly bones, lov..." Then I realized I was going, going, going—I grabbed the edge of the bar and pushed myself off the stool. "Mickey Finn," I shouted at Gail.

Gail was moving, the whole place moving. Gail, people, lights, Tio Miguel's fat-faced grin—all moving.

After a while I couldn't stand the pain, so I opened my eyes. I wasn't on the floor any more; there was light in the next room and voices. I closed my eyes and tried to make my position more comfortable. That was when I discovered my wrists and ankles were tied.

Gail said, "It's enough to put him in the car, spill some liquor around, leave him to be found..."

"No," said a voice. It sounded familiar and I thought about it. "He's much too good at getting out of cars. After all, he was a Marine and all that sort of thing. He must be taken care of here."

## Hope Ladies in Tourney Win, Jrs. Victorious

By CARTER HARDAGE  
Hope Star Sports Writer

In the two District tournaments last night, the Junior Boys slammed Fairview in a 32-31 semi-final squeaker at Smackover, while in the Lady Cats butchered Prescott 61-27, and qualified for the semi-finals tonight.

The Kittens, after drawing a first round bye, shot down the Baby Birds from Fairview after one overtime. Trailing early, the Juniors came up to a 13-13 toss-up at the half.

Sacking at the charity line, Hope grabbed a 22-18 advantage going into the Fourth Quarter. Fairview came powering back though, and at the final buzzer it was all tied up at 27 all.

The overtime ensued, and Hope scraped by with Stannie Parris scoring all 5 points for Hope, to 4 for the Birds.

The Bobkittens will go back Saturday night to face host Smackover, who last night defeated Camden, for the crown.

Stannie Parris was high scorer with 4 points, Dennis Turner had 8, Mike Westbrook 6 and Danny Wilson and Larry Don Wright 2 apiece.

In the other direction, the Hope Girls had no trouble with Prescott, turning the match over to the subs early in the third period, after leading 35-14 at the half.

This win will entitle Hope to a semifinal bout with Ashdown tonight at 6:45. These teams have met once before this season, with the Lady Cats bringing home the match from Ashdown by a 60-54 margin. Ashdown will be looking for revenge.

Phyllis Martin was high pointer with a big total of 30 points. Shirley Smith had 14, Annette Hatfield and Betty Whitten 6 each, Carolyn Hatfield 3, and Becky Lewis 2.

Tomorrow night at home, the Bobcats and the "B" team will take on their equivalents from down at Magnolia. This match is essential for the Bobcats' plans.

## Gun Bow Is Heading Field of Fifteen

By ORLO ROBERTSON  
Associated Press Sports Writer

Gun Bow, Admiral Vic, Mongo, Admiral's Voyage, Cyranoo and a supporting cast of nearly 30, from which could come the show stealer, make their first major bids for the 1964 handicapped division title Saturday in top races on the national turf program.

Gun Bow, Admiral's Voyage and Cyranoo head a field of 18 named Thursday for the 1/4 mile \$147,100 Santa Anita Handicap at Santa Anita.

The names of 10, including Admiral Vic and Mongo, were expected to be dropped into the entry box today for the \$100,000-added Widener Handicap at Hialeah Park. The Widener also is a 1/4-mile race.

There have been larger fields in the Santa Anita Handicap but not recently. The 1946 running attracted 23 and 22 went postward a year later. If all 18 entries start this time, the winner will earn \$102,100.

Gedney Farm's Gun Bow, winner of three consecutive stakes in a convincing manner, will be the highweight under 130 pounds, the most the 4-year-old son of Gun Shot ever has been assigned. He'll be ridden by Willie Shoemaker.

Next in line in order of weights are Greentree's Cyranoo, 125, with Manuel Ycaza; Fred Hooper's Admiral's Voyage, 124, with Jackie Leonard; Poltex Stable's Colorado King, 120, the South African star to be ridden by Johnny Longden, and Mrs. Ann Peppers' Mr. Consistency, 120, with Ken Church.

Isaac Blumberg's Admiral Vic, who ran a dead heat with Top Gallant in the recent Seminole, and Mrs. Marion duPont Scott's Mongo, top grass course horse of 1963, share topweight of 125 pounds each in the Widener. Mickey Solomon is slated to handle Admiral Vic with Wayne Chambers on Mongo.

Top Gallant, owned by George D. Widener, will be back under 113 pounds. He'll have a capable but erratic running mate in Endymion, who gets in with 110. Also favorably weighted at 111 pounds is the speedy Will I Rule a six-race winner who earned nearly \$100,000 last year.

## Cassius Is Looking Bad in Workouts

By MURRAY ROSE  
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—Cassius Clay probably will hold his last boxing drill today in preparation for his title fight with heavyweight champion Sonny Liston Tuesday. For the sake of the promotion it would be just as well if he does make it the last.

The cocky challenger from Louisville looked like a bush leaguer in a two-round session with Cody Jones of Detroit Thursday. Some veteran boxing observers, who had seen him spar earlier in the week, said Cassius looked just as poorly several other times.

Still, a workout is not a fight. The fighters wear head guards and use 16-ounce gloves instead of the eight-ouncers used in the fight. With this protection, fighters sometimes get careless and that may have happened with Clay.

Yet, a fighter practices in sparring sessions the things he hopes to do in the actual fight. Getting clipped on the chin by thumping left hooks certainly can't be too helpful.

Even light heavyweight champion Willie Pastrano concedes this and Willie is one of the few in the business picking Clay to win.

Pastrano, working in the same gym with Clay, said "Cassius has the speed, size, power and youth to win. He'll have to keep moving and not let up for a moment. You can't get careless with Liston."

"Cassius will have to go the full 15 rounds to win. That's the way I see it. The only way anyone can knock out Liston is with a baseball bat."

Pastrano is managed by Angelo Dundee, who also trains Clay. That relationship may tend to influence Willie's prediction. Pastrano is getting ready for his title defense against Argentina's Gregorio Peralta in New Orleans, April 10.

## Boston Try Was Not Enough

By THE ASSOCIATED PRESS

Boston made a determined, if belated, effort, but it was not enough to keep Montreal away from Chicago in the torrid National Hockey League race.

The Canadiens, getting two goals from Claude Provost, outlasted the Bruins 3-2 Thursday night and again took their share of first place. Chicago, idle Thursday, had moved into first with a victory Wednesday night.

Montreal had all but wrapped up an easy 3-0 triumph in the NHL's only game. Then Boston struck. Doug Mohns fired the puck past goalie Charley Hodge at 18:10. Jerry Toppazzini did the same at 19:16. Hodge and the Canadiens hung on the rest of the way, however.

## Drake Season Successful, Tulane's Sad

By TED MEIER  
Associated Press Sports Writer

It's been a happy season in college basketball for Drake's "Destiny Darlings." In contrast, it's been dark and dismal for the Green Wave of Tulane.

Whereas Drake is close to winning the championship of the Missouri Valley Conference after finishing last in 1963, Tulane is the only winless major team in the country.

The Greenies from New Orleans have lost 20 straight and figure to take it on the chin again tonight when they play Mississippi at Oxford.

Ted Lenhardt, in his first season as Tulane coach, had his boys run under a ladder coming out to the court last Saturday against Alabama in an effort to break the jinx. The stunt didn't change a thing for the Greenies for whom it's definitely a case of wait 'til next year.

How different the season has been for Coach Maurice John and his Drake Bulldogs from Des Moines. In pre-season forecasts they weren't given a chance in the tough MVC against the likes of Wichita, Cincinnati and Bradley. Now they are in first place and 10th-ranked nationally in The Associated Press poll.

The Bulldogs whipped North Texas Thursday night 77-71 to up their MVC record to 8-1 and 18-4 over-all in the only game involving an AP Top Ten team. Seattle nipped Utah State 96-94, NYU trounced Memphis State 95-71, Idaho State upset Gonzaga 103-95, Virginia beat Maryland 79-73 and Holy Cross edged Connecticut 60-56 in other games.

Five straight baskets and a free throw by Gene Bogash pulled Drake out of danger after North Texas had pulled to within 47-44 early in the second half. Bogash fouled out with seven minutes left, but still was high for the game with 23 points and 16 rebounds. A crowd of 7,350 saw the action at Des Moines.

Cotton, 35, from Seattle, is rated as probably the most clever boxer in his division. He's ranked the No. 1 challenger to world champ Willie Pastrano and will be making his Garden debut after 16 years of campaigning.

Cotton has been idle since Dec 11 when he knocked out Don Bale in two rounds at Bellingham, Wash. He has a string of six straight, including a 15-round decision over Henry Hank in Flint, Mich., which won him Michigan recognition as the world title holder. The title is

## Liston in Usual Surly Disposition

By WILL GRIMSLEY  
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—If a surly disposition is any criterion, the champion Sonny Liston is in the proper fighting frame of mind for his title defense Tuesday night against popoff Cassius Clay.

He is snapping at newsmen. He is refusing to pose for photographers. Derision has been replaced by downright contempt in his treatment of his opponent.

Sponsors of the Convention-Hall fight, which has been counted on to draw \$800,000 at the gate and perhaps \$4 million more in closed circuit television are openly disturbed.

"Liston is acting so nasty that he is alienating the newspaper and radio people who could do us the most good," one man connected with the operation said. "He is setting new records on how to lose friends and alienate people. Tickets aren't going well at all."

The unsmiling ring killer hit a new low for public relations after his hour's bag-punching, rope-skipping, push-upping drill in the carnival atmosphere of the Surfside Civic Center Thursday.

He refused to pose for a picture with Joe Louis, his close friend and adviser, except in the special sideshow deal at \$5 a throw.

He rebuked sports writers with the biting criticism: "You don't know what you're writing."

He engaged in a story exchange with a prominent West Coast columnist because the latter said he felt Clay would prove a better opponent than Floyd Patterson, whom Liston knocked out twice in the 1st round.

"You think so?" Liston growled. "Okay, you got a right to your opinion."

He resented references of newsmen to Clay's speed. "Who says Clay is fast?" Liston said. "He only talks fast."

Concerning his challenger's talent, he remarked caustically: "He's got talent maybe, but in the wrong racket."

## Youth Ranked Favorite in Fight Tonight

NEW YORK (AP)—Young Johnny Persol, with only 10 professional bouts under his belt ranked a surprise 8-5 favorite over veteran Eddie Cotton for their scheduled 10-round light heavyweight bout in Madison Square Garden tonight.

The bout will be televised nationally over ABC at 10 p.m., EST.

Persol, 23-year-old New Yorker, has been fighting professionally only 13 months but is unbeaten in his 10 outings, including three knockouts. He won all 85 as an amateur.

Cotton, 35, from Seattle, is rated as probably the most clever boxer in his division. He's ranked the No. 1 challenger to world champ Willie Pastrano and will be making his Garden debut after 16 years of campaigning.

Cotton has been idle since Dec 11 when he knocked out Don Bale in two rounds at Bellingham, Wash. He has a string of six straight, including a 15-round decision over Henry Hank in Flint, Mich., which won him Michigan recognition as the world title holder. The title is

## Brosnan Is Worth Two Paperbacks

By MIKE RATHET  
Associated Press Sports Writer

Jim Brosnan right now is worth about the price of his two books—in paperback editions.

The 34-year-old right-handed pitcher and author of some note was put up for sale Thursday by the Chicago White Sox for \$1. It was understood that the deal is contingent upon the purchaser also taking his typewriter, at no extra charge.

Brosnan and the White Sox parted enemies in a contract dispute centering on his insistence on publishing his observations of baseball during the season. Brosnan indicated a \$6,000 cut from his 1963 salary of \$30,000 was not an issue.

Fame came to Brosnan in two fields and at about the same time as he helped pitch the Cincinnati Reds to the National League pennant in 1961 by compiling a 10-4 record in relief, and authored a national best-seller, "The Long Season."

Brosnan followed up the first book with "The Pennant Race," some magazine articles and a 4-4 record. Both the written material and his entries in the baseball book placed his job in jeopardy with the Reds. He ultimately was let go.

Brosnan was 3-8 with a 2.84 earned run average for the White Sox last season, but again fell into disfavor over his writing. The final break came Thursday when General Manager Ed Short issued a quit writing order. Brosnan said he intended to continue.

Brosnan said the prohibition on his writing was in his contract, and he refused to sign it because it "appears to be unethical." Brosnan also said Short was guilty of an "unsportsmanlike attitude and had prejudiced my position in obtaining another baseball job" by waiting until Thursday to issue the ultimatum.

"He apparently doesn't care whether I work or not," said Brosnan.

Short said he had tried unsuccessfully to make a deal with "every major league club" for Brosnan, who went on the waiver list at the \$1 price established for veterans of eight or more years of service. Players with less service are put up for waivers at \$20,000.

Brosnan now has to wait out the three-day waiver period. Then, he said, "I'll start shopping around if nothing happens. My problem will be finding a

club that will let me publish as well as pitch. As of now, I am just a free-lance writer."

The Cleveland Indians supplied the rest of the day's baseball news. At the same time they reported outfielder Tito Francona will undergo abdominal surgery for a hernia, they also announced the hiring of a physiology professor to help bring the club into peak physical condition.

Dr. Lawrence Golding, an expert on calisthenics and a Kent State University professor, will prescribe corrective measures for the Indians after giving tests designed to measure strength, stamina, physical fat, reaction time and flexibility.

They will be too late to help Francona, who will not be able to play baseball for about four weeks. Francona was injured at his New Brighton, Pa., home, shoveling snow.

## Yank Hurler in Golf Meet Lead

MIAMI, Fla. (AP)—Yankee pitcher Ralph Terry carried a three-stroke lead into the second round of the National Baseball Players Golf Tournament today.

Terry scored three birdies on the last four holes in the opening round Thursday and wound up with a par 72.

Tied for second with 75s were Albie Pearson, Los Angeles Angels' outfielder; Al Dark, San Francisco Giants' manager, and Ken Harrelson, Kansas City A's infielder.

## Air Purse Top Billing at Oaklawn

HOT SPRINGS, Ark. (AP)—The \$4,000 Airlines Purse rates top billing on today's card at Oaklawn Park, and 11 sprinters of the 4-year-old and up age group make the field.

Ricci C. soundly trounced in the Inaugural Handicap, and Rain Coat II share equal topweight of 122 pounds. The 5 1/2 furlong sprint is to be run under allowance conditions.

The favorite's role is likely to go to Steve Ippolito's Court Tower, who carries 117 pounds and is making his debut as a 4-year-old.

J. C. Pollard's Goer (121) finished fourth to Binal in Tuesday's feature race and could be favored.

Goer will be coupled in the betting with Elgae, owned by Mrs. J. S. Carnes of Camden.

Other entries are Donald McKellar's Moral Suasion, Mrs. G. H. Emick's Heatherbow, Auegan Stable's Irish Swede, Joe Arnold's Snack II, Ira R. Salley's Piping Joy and J. L.

## Prospective Derby Horses Get Weights

HOT SPRINGS, Ark. (AP)—Ten three-year-olds, all prospective candidates for the \$25,000 added Arkansas Derby, were assigned weights Friday for the \$10,000 Hot Springs Handicap at Oaklawn Park Saturday.

Grace Creek Farm's Count Tario tops the list for the six furlong event with 119 pounds. Steve Ippolito's Finder's Fee will carry only one pound less.

Lee's Fury got in with 115, followed by Floral Shop and Spike Nail with 112 each, Bound Twist and Letsgo Native 109 each, Twilight Gem 108 and Dancing Brave and Hickory Heifer, each 105.

Finder's Fee whipped four of those nominated in the Wishing Well secondary feature last Saturday, but the race was run on a muddy track and was a half-furlong shorter.

Floral Shop was second in the Wishing Well, three lengths behind the winner and another two lengths before Spike Nail. Count Tario was a distant fourth and Bound Twist was also among the also rans.

Weights were also assigned Friday for the \$4,000 Mountain Valley Handicap, Saturday's supporting feature. John D. Sshew's Killoqua, who finished third in the Inaugural, drew top impost of 119 pounds.

Thirteen horses were nominated for the six furlong event. C. O. Viar's One Dot, winner of the Inaugural, was assigned 115 pounds and his entry mate Sweet Debbie 105. There are two other couples, Blaze Starr, 114, is linked with Altemar, 111, and Big Joe, 115, and Federal Man, 110, make up the other combination.

Others assigned weights were Moral Suasion and Gay Revoke, each 113; Bid and Asked, Master Mink, Nebuchadnezzar, all 111 and Damodar, 108.

In Mt. Holly cemetery on Broadway, there are buried David O. Dodd, many of the governors and other great men of the early days of Arkansas.

Bearden's Red Hit. Moral Suasion finished first in the 1963 Arkansas Derby, but was disqualified and placed last.

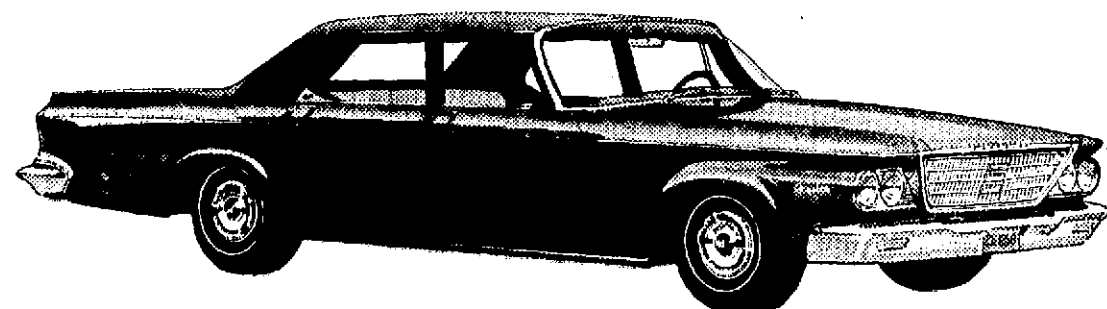

First Choice, a 21-1 shot, raced into the lead in the stretch and won the featured \$4,000 Little Rock Purse Thursday by a neck.

The overlooked winner covered the 5 1/2 furlongs of fast track in 1:05 2-5 and returned \$25.60, \$8.80 and \$4.00.
